## CELEBRATING GROWTH, INSPIRING EXCELLENCE

As we reach the closure of another enriching quarter, it is heartening to reflect on the many achievements, experiences, and milestones that have shaped our journey together. The past few months have been filled with vibrant learning, enthusiastic participation, and remarkable accomplishments by our students and staff.

Our classrooms have continued to be spaces of curiosity and creativity, where students are encouraged not only to gain knowledge but also to develop critical thinking, empathy, and resilience. Through academic pursuits, co-curricular engagements, and collaborative activities, our learners have demonstrated dedication, confidence, and a strong sense of responsibility.

I would like to extend my sincere appreciation to our teachers for their unwavering commitment to nurturing young minds with passion and care. Their efforts ensure that learning remains meaningful, engaging, and aligned with the evolving needs of the 21st century.

Equally, I thank our parents for their continued trust and partnership with the school. Your support plays a vital role in shaping a positive environment where children can thrive and realize their full potential.

As we move ahead, let us continue to work together to inspire our students to dream big, stay curious, and grow into responsible global citizens.

I look forward to our new academic session encompassing opportunities, learning experiences, and shared successes.

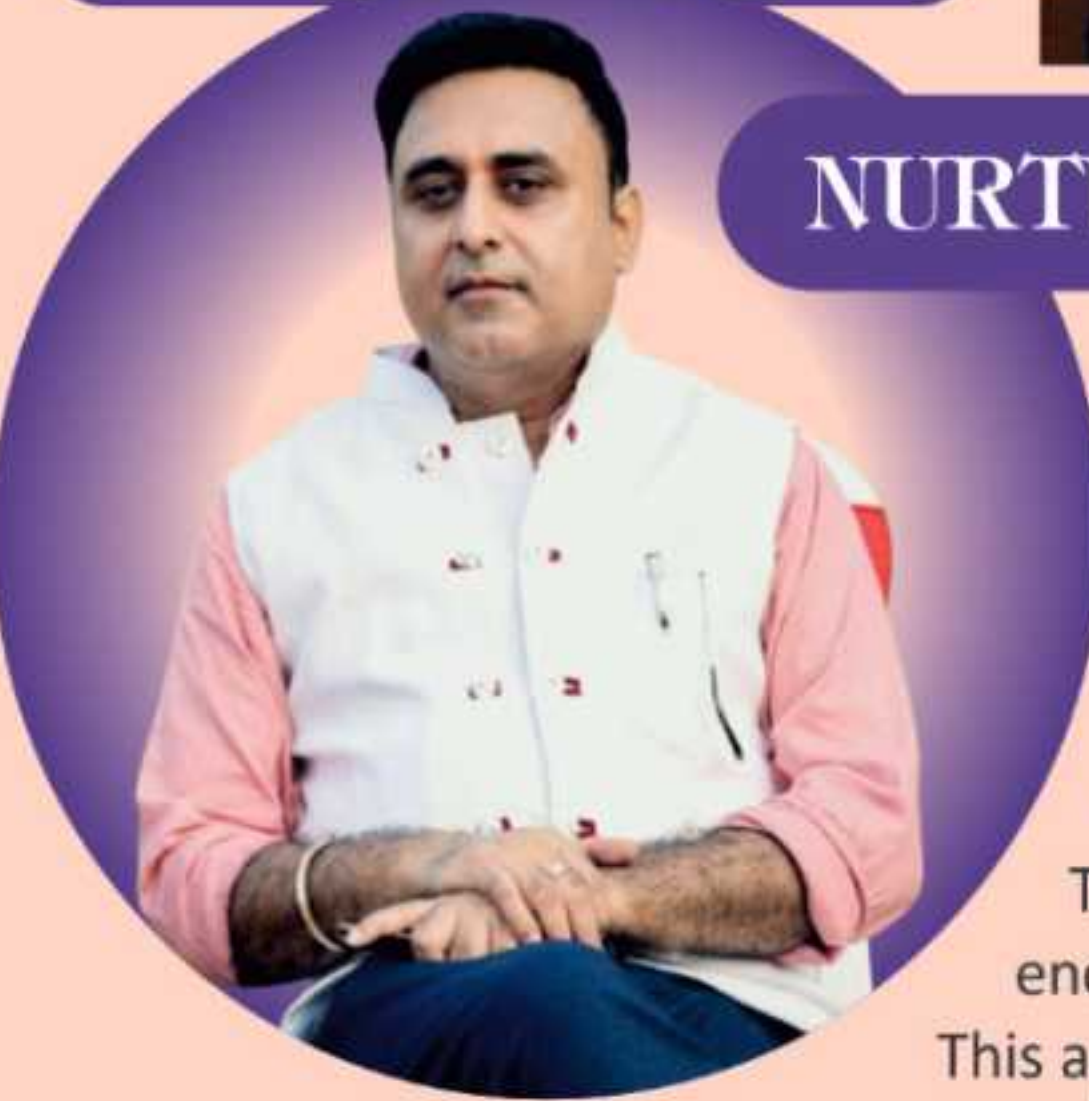

Wishing our entire school community continued growth and excellence.

Warm regards,

– Dr. Ruchi Seth

Associate Director

## NURTURING EXCELLENCE THROUGH MEANINGFUL LEARNING

As we approach the culmination of another enriching academic session at NLK Academy, it is a moment of reflection, pride, and gratitude. This year has been marked by consistent efforts to strengthen academic excellence while ensuring that learning remains engaging, meaningful, and relevant for every student.

At NLK Academy, we believe that education must prepare students not only for examinations but also for the challenges and opportunities of the real world. Our academic practices are therefore designed to move beyond rote learning and focus on **conceptual clarity, analytical thinking, and application of knowledge.**

Throughout the year, special emphasis has been placed on **competency-based questions and assessments**, encouraging students to think critically, interpret information, and apply their understanding to solve problems. This approach helps learners develop deeper subject knowledge and confidence in expressing their ideas effectively.

Another important component of our academic journey has been the integration of **project-based learning**, where students explore topics through research, collaboration, and practical engagement. Such experiences allow learners to connect classroom concepts with real-life situations, fostering curiosity, creativity, and independent thinking. Alongside academic rigor, we strongly believe in the importance of a balanced education. Our students actively participated in **sports, cultural events, literary activities, and various inter-house competitions**, which provided them opportunities to discover their talents, develop teamwork, and build leadership skills.

The dedication and commitment of our teachers have been instrumental in creating a supportive and stimulating learning environment. Their continuous efforts to guide, mentor, and inspire students remain the cornerstone of our institution's success.

As we conclude this academic year, we celebrate the achievements, growth, and perseverance of our students. Each milestone reached reflects the collective effort of students, teachers, and parents working together toward a common goal—the holistic development of every learner.

At NLK Academy, we remain committed to nurturing young minds who are curious, confident, and responsible, ready to step forward as thoughtful individuals and lifelong learners.

## WHY DO I READ

I just can't help myself,  
 I read to learn and to grow, to laugh and to be motivated.  
 I read to understand things, I've never been exposed to.  
 I read when I'm crabby,  
 when I've just said monumentally dumb things to the people I love.  
 I read for strength to help me when I feel broken, discouraged and afraid.  
 I read when I'm angry at the whole world.  
 I read when everything is going right.  
 I read to find hope.  
 I read because I'm not made up just of skin and bones,  
 of sights, feelings and a deep need of chocolate, but I'm also made up of words.  
 Words describe my thoughts, and what's hidden in my heart.  
 Words are alive- when I have found a story that I love.  
 I read it again and again, like playing a favorite song over and over  
 Reading is not passive – I enter the story, with characters,  
 breath their air, feel their frustrations,  
 scream at them when they are about to do something stupid,  
 cry with them, laugh with them,  
 'Reading for me is spending time with a friend.'

In Mandhana's heart, where my journey began,  
NLK Academy is the best in the land.

Taking great strides while the rest of the world sleeps.  
From the knowledge we sow to the harvest we reap,  
The love for this school runs incredibly deep.  
No words are enough for this place I adore,  
NLK Academy gives me everything and so much more.

## BELIEVE IN YOURSELF

When mornings rise with golden light,  
And dreams awake from silent nights,  
Remember deep within your heart,  
You have the strength to play your part.  
The road may twist, the path unclear,  
You may feel doubt, you may feel fear,  
But every step, both big and small,  
Is helping you grow strong and tall.  
Like rivers carving rocks away,  
Or flowers blooming day by day,  
Your efforts shape the one you'll be,  
With patience, hope, and dignity.  
Mistakes are lessons in disguise,  
They help you learn, they make you wise.  
Each failure builds a stronger mind,  
Each challenge leaves new skills behind.  
So lift your head and stand up tall,  
Believe in dreams, believe in all.
